<b>DISCIPLINE</b>		
Stronger discipline, suspension for skipping (silly), students, treatment of each other	Teachers don't like the kids or respect them and get pushed to the edge, teachers/admin/police officers	Talk to the teachers about taking a voluntary break, students are uncomfortable, set boundaries, define expectations without being repetitive or unreasonable they need to punish those that initiate or egg on fights
Some kids have no discipline, kids react differently to discipline	Yourself, parents, your friends	Try different things, don't yell,
In school suspension		
Sent out of the room, detention does not work, Saturday school, give extra work for punishment	Teachers	Move students away from friends, hire more counselors, more schools should have Saturday academy
Appropriate punishments	Teachers/admin	
More respect for students, don't talk down		Restructure discipline, give consequences that fit offense
Military style	Teachers	Work to find problems/talk to the children who have problems
Too strict due to hate crimes, detention does not teach anything
